

4month. Jag2b heart area histology. Mef2 antibody.

Per-fish mean = solid horizontal line, per-fish median = dashed line,  
Per-section mean = solid dots, per-section median = open dots,  
Per-section min and max = vertical solid line.

6month. Jag2b heart area histology. Mef2 antibody.

Per-fish mean = solid horizontal line, per-fish median = dashed line,  
Per-section mean = solid dots, per-section median = open dots,  
Per-section min and max = vertical solid line.

8month. Jag2b heart area histology. Mef2 antibody.

Per-fish mean = solid horizontal line, per-fish median = dashed line,  
Per-section mean = solid dots, per-section median = open dots,  
Per-section min and max = vertical solid line.
